

Appendix – Honours and Awards

Dr Tristram Alexander has been awarded an Australian Academy of Science Young Researchers travel award to visit the USA.

Dr Ken Baldwin was awarded the Australian Government Eureka Prize for Promoting Understanding of Science, Australia Museum, August 2004. (see photo below)

Professor Murray Batchelor was elected Fellow of the Institute of Physics, UK.

Ms Anna Carnerup was awarded the Robert and Helen Crompton Scholarship for travel, which was used to attend the 8th International Conference of Bioastronomy held in Reykjavik, Iceland, in July.

Professor Lewis Chadderton has been appointed to represent Australia on the Board of COMSATS, a United Nations/World Bank/ IMF Commission on Science and Technology for Sustainable Development in the South.

Professor George Dracoulis was presented with the 2003 Lyle Medal of the Australian Academy of Science and gave a brief lecture at the Annual General Meeting in May 2004, an occasion which also marked the 50th Anniversary of the Academy. He was also awarded the 2004 Boas Medal for his outstanding contributions to the understanding of nuclear structure. The medal is awarded by the Australian Institute of Physics, under the auspices of the Victorian branch, for original research in the five years prior to the date of the award. The award was established to promote excellence in Physics in Australia and to perpetuate the name of Walter Boas.

Dr Mahananda Dasgupta was selected as the Australian Institute of Physics, Women in Physics Lecturer for 2004. The Selection Committee was very impressed with Mahananda's excellent achievements as a physicist as well as her commitment and interest to service and outreach activities. Mahananda was also elected as a Fellow of the Australian Institute of Physics.

Mr Drew Evans was awarded the Healy-Hunter Prize for most outstanding oral presentation at 24th Australian Colloid and Surface Science Student Conference.

Mr Thomas Hanna was awarded the General Sir John Monash Award, enabling his DPhil studies at Oxford University.

Ms Christine Henry was awarded Bachelor of Science with First Class Honours and received the University Medal working jointly in the Department of Applied Mathematics and the Department of Chemistry, the Faculties. She also won the Centre of Science and Engineering Materials (CSEM) Best Undergraduate Final Year Thesis in the

Field of Science and Materials. Christine is completing her law studies at ANU in 2004 and plans to return to the Department as PhD student in 2005.

Dr John Howard has been elected as a Fellow of the Institute of Physics.

Professor Stephen Hyde was awarded a Federation Fellowship.

Professor C. Jagadish was elected as a Fellow of the Optical Society of America. He is being recognized for "Seminal Contributions to III-V Compound Semiconductor Optoelectronics and Optoelectronic Device Integration".

Mr Bernt Johannessen has received an intern scholarship from the Australian Synchrotron Research Program to undertake three months training at the Advanced Photon Source in Chicago, USA.

Dr Patrick Kluth won the IBMM Poster Award at the 14th International Conference on Ion Beam Modification of Materials, Monterey, USA in September.

Dr Mark Knackstedt was appointed a Visiting Professor at the School of Petroleum Engineering, University of New South Wales.

Ms Pearl Louis has been offered an Australian Academy of Science JSPS Postdoctoral Fellowship for Foreign Researchers to conduct research in Japan.

Dr Dragomir Neshev has been awarded an Australian Academy of Science travel grant to the USA.

Professor Barry Ninham was awarded a distinguished Humboldt Professorship.

Mr Wilson Pok, Honours Student, supervised by Dr J.E. Bradby and Professor R.G. Elliman was a winner of the CSEM Prize.

Dr Mark Ridgway was awarded the Vice Chancellor's Award for Excellence in Supervision

Mr Ilya Shadrivov was awarded the Young Scientist Award at URSI EMT-S, in Pisa, Italy in May. Ilya was also awarded an OSA Bookham travel grant to enable students who present papers to travel to [CLEO](#) and [Frontiers in Optics/OSA Annual Meeting](#) .

Dr Andrey Sukhorukov won an Australia/JSPS exchange grant to visit Japan.

Dr Andrew Truscott was awarded an Australian Academy of Sciences Early Career Researcher Award.
