

Rana Ganguly

School Administration and Services

Administration

Ms Judith Huppertz, School Resources Manager, retired in March 2003 after many years of distinguished service at the University and was succeeded by Mr Rana Ganguly. Mr Ganguly assumed charge as School Manager from June 2003 with a slightly different charter of responsibilities that focused more on strategic management and allowed greater autonomy to functions such as School Human Resources, Finance and Accounts and Facilities and Services. Miss Abby Chin left the School in August 2003; Ms Maree Kearns, Finance Manager, resigned in December 2003 and was replaced by Mr Andrew James. Ms Gayle Samuel was promoted to School Human Resources Manager. The unprecedented success in attracting external funds and over 200 projects that currently run in parallel significantly increased the workload in all administrative areas. Ms Wendy Butler and Ms Deborah Richdale rejoined the School in 2003 to augment the School's capacity to process and support external grants.

School Services

Staff of the School Services, consisting of the Electronics, Electrical, Joinery, Mechanical Workshop and the School Computer Unit (SCU), have provided another outstanding year of dedicated support.

Some of the highlights are: Electronics and SCU were winners of the Clare Burton Award; SCU and Electronics were successful in separate bids from the Major Equipment Grant; Ben Danaher was successful in obtaining funding from the General Staff Endowment Fund for a 12 month exchange program with Oxford University; providing a place through Employees Making A Difference for a skilled technician returning to the work force; providing space for RSAA staff after the disastrous bush fires and Gareth Crook and Stephen Holgate reached the finals of the ACT Apprentice of the year.

George McEwan took a well earned long service leave. The School was able to second from Facilities and Services one of their electricians, David Squires to cover major electrical tasks and to assist with the move into the new Weigold Building.

Staff

School Resources Manager

Judith Huppertz, BA Liverpool, GradDipProfAcctg Canberra, CPA (until May)

Rana Ganguly BEngg(Mech), MBA, FAIM (from June)

School Facilities and Services Manager

Kevin Lonsdale, AssocDipMechEng DDIAE, B Tech USQ, PGCertCnflctMgt Macq
