

Weekly Bulletin

Research School of Physical Sciences & Engineering

Volume 34 Number 15
18 – 24 April 2008

SCHOOL SEMINARS

Nuclear Physics Seminar

Monday 21 April

11.15am

“Making the Non-Proliferation Regime Work”

by Mr John Carlson, Director General, Australian Safeguards and Non-Proliferation Office

Nuclear Physics Seminar Room

All Welcome

Nonlinear Physics Centre Seminar

Wednesday 23 April

11.00am

“Subdiffraction in Spatially Modulated Materials”

by Prof Kestutis Staliunas, Universitat Politecnica de Catalunya, Barcelona

Link Building Seminar Room, Oliphant Building

All Welcome

STAFF MOVEMENTS

Professor Steve Buckman (CAMS/AMPL) will be presenting an invited talk at the 6th EU-Japan Workshop on Plasma Processing in Okinawa (19-23 April) and visiting and presenting a Colloquium at Sophia University, Tokyo 23-26 April.

ACCOMMODATION WANTED

Accommodation is wanted for six months for a visitor, Dr Ming Shen. Dr Shen will be staying at the Laser Physics Centre from 1 July - 31 December 2008.

Please contact Wieslaw Krolikowski (wzk111@rsphysse.anu.edu.au) if you can help.

GRANTS AND AWARDS

African Institute for Mathematical Sciences

Program Number: 96668

Title: Victor Rothschild Fellowships at AIMS

E-mail: info@aims.ac.za

Program URL:

<http://www.aims.ac.za/english/fellowships.php>

The Victor Rothschild Memorial Fund has generously agreed to support two Fellowships per year enabling advanced PhD students and postdoctoral fellows to visit the AIMS Institute for a two month stay. The sponsor especially encourages African PhD students and postdoctoral researchers working overseas to apply for Victor Rothschild fellowships to help them establish contacts with African scientists, students and teachers across the continent.

African Institute for Mathematical Sciences

Program Number: 96671

Title: Grants for African Networking in Mathematical Sciences

E-mail: info@aims.ac.za

Program URL:

<http://www.aims.ac.za/english/fellowships.php>

The sponsor is inviting funding applications from individuals or African Institutions for the purposes of networking research activities and the strengthening of links in mathematical sciences in Africa.

DEADLINE NOTE

Applications will be received and refereed on a continuing basis, subject to the availability of funds.
