FROM THE SCHOOL FACILITIES & SERVICES MANAGER

Smoking Outside Buildings

Recently I have had reports of some staff smoking near building fresh air intakes or adjacent to office windows at ground floor level of our buildings. Unfortunately this is causing inconvenience to a number of our staff.

The University has a policy on smoking; (http://info.anu.edu.au/policies/Procedures/Human_Resource_s/OHS/Smoking_Procedures.asp).

Clause 3.1 states “Persons wishing to smoke outside a University building are asked, while smoking, to keep at least 10 metres away from any entrance way, doorway, window or ventilation intake of the building. If you are a smoker I would appreciate you being mindful of the University’s policy.
