

# Weekly Bulletin

Research School of Physics and Engineering

**Volume 35 Number 8**  
**6 – 12 March 2009**

A warm welcome to the school.

## **CALL FOR APPLICATIONS FOR 2009 CROMPTON TRAVEL SCHOLARSHIP**

Applications are open for the 2009 Robert and Helen Crompton Travel Scholarship for research students enrolled in the Research School of Physics and Engineering. Applications should be submitted to Heek Kyung by Friday 13 March. Please contact Heek for further information.

## **STAFF MOVEMENTS**

Professor Jagadish, EME, will be visiting Sydney University to conduct research from 11 - 12 March.

Ms Bianca Haberl, EME, will be conducting research at UNSW from 13 - 16 March

Dr Jennifer Wong-Leung, EME, will be presenting a paper at Microscopy of Semi-Conducting Materials XVI and conducting research at the University of Exeter in the UK from 14 - 26 March

## **WELCOME**

Gouthrekka Ravindraraj has started her honours project this year with Dr Leandro Araujo, EME.

Vidya Ramesh has started her MPhil project with Professor Jagadish, EME.

Dr Fouad Karouta has started as the Manager of Australian National Fabrication Facility.

## **CAMS VISITORS**

Dr Kate Nixon, CAMS Flinders University Node, is visiting the CAMS lab from 3-6 March, for joint experimental work.

Professor Dennis Mueller from the Physics Department, University of North Texas, USA, joined CAMS this week as a Visiting Fellow for 6 months. He will be collaborating on research with Professor Steve Buckman and Dr James Sullivan, and will be located in Reception Level Room 308.
