

# Weekly Bulletin

Research School of Physics and Engineering

**Volume 36 Number 14**

**16 – 22 April 2010**

## **STAFF MOVEMENTS**

Dr Jodie Bradby, Ms Bianca Haberl and Mr David Sprouster, Department of Electronic Materials Engineering, are in the USA conducting experiments. They will return early next week.

Professor Murray Batchelor, Theoretical Physics, will be absent from April 10-25 to Chair the Annual Board meeting for Journal of Physics A. He will also visit the Universities of Oxford, Aberdeen and Edinburgh and give an invited talk at the 14th Annual UK Meeting on Integrable Models, Conformal Field Theory and Related Topics in Canterbury.

Professor John Howard, Plasma Research Laboratory, is away from 4 to 29 April. He will be travelling to France to present an invited paper on Advanced Imaging and Inverse Methods to "Plasma Diagnostics 2010" at Pont-a-Mousson (April 19-22); to Munich (April 23) to give a presentation on new imaging systems for plasma tomography and to Juelich where he has dedicated machine run time on the TEXTOR tokamak for experiments which deploy our unique optical systems for internal magnetic field imaging. He will also visit the National Fusion Research Institute in Korea for planning discussions regarding deployment of ANU imaging systems on the KSTAR tokamak later in 2010.

## **VISITORS**

EME would like to welcome Mr Kenneth Chen from The Chinese University of Hong Kong. Mr Chen will be conducting collaborative research with Professor Jagadish.

EME would like to welcome Mr MD Rezaur Raihan from ADFA. Mr Raihan will be conducting collaborative research with Professor Jagadish.
