

Weekly Bulletin

Research School of Physics and Engineering

Volume 36 Number 38
1 – 7 October 2010

SCHOOL SEMINAR

Laser Physics Centre
Final PhD Seminar
Wednesday 6th October at 11.00am
RSPE Seminar Room
Fabrication and characterization of non-linear optical tellurite planar waveguides
Khu Vu, Laser Physics Centre

Nonlinear Physics Center Seminar
Thursday, 7th October at 11.00am
Link Building Seminar Room, Oliphant Building
2D and 3D metamaterials for optics and THz: design, fabrication and characterization
Professor Andrei V. Lavrinenko
Technical University of Denmark, Denmark

SCHOOL SEMINAR PROGRAM

4.00pm – Thursday 7 October
Oliphant Link Seminar Room
The Leidenfrost effect and superhydrophobicity
by Dr Vince Craig, Applied Mathematics
Drinks and light refreshments will be provided
RSPE Link Tea Room, after the Seminar

STAFF MOVEMENT

Professor Steve Buckman will be attending and presenting a number of papers at the 63rd Gaseous Electronics Meeting in Paris from 4-11 October. Professor Kheifets will be acting HOD of AMPL in his absence.

REMINDER Founder's Day Friday 15 October
