

# Weekly Bulletin

Research School of Physics and Engineering

Volume 36 Number 46  
26 November 2- December 2010

## FROM THE DIRECTOR'S OFFICE

The Director will be in Boston next week attending the 2010 MRS Fall Meeting, Professor Ken Baldwin will be acting during this time.

## CONGRATULATIONS

Congratulations to our new Level E1 members of staff who were successful in the last promotion round, Professors Christine Charles, Craig Savage and Tim Senden.

## VIP VISITORS

A delegation from the Embassy of the Russian Federation visited the school this week to discuss collaboration in physics education and research. The Ambassador, Vladimir Morozov also met with the Vice-Chancellor.

The President of Fujitsu, a scientist/engineer will be visiting ANU on December 2 and 3. The purpose of the visit is strategic, with ANU and Fujitsu looking at a potential collaborative agreement. ANU and Fujitsu are interested in an expanded agreement to cover research/development areas of mutual interest. RSPE will be hosting the delegation on the afternoon of December 2nd to showcase some outstanding research areas.

## SCHOOL SEMINAR PROGRAM

Thursday 2 December 2010, 4.00pm

Leonard Huxley Lecture Theatre

*Quantum Many-Body Dynamics: counting the particles*

by Dr Cedric Simenel, Department of Nuclear Physics

Drinks and light refreshments will be provided in the RSPSE Link Tea Room after the Seminar. All welcome.
