

Weekly Bulletin

Research School of Physics and Engineering

Volume 36 Number 4
5 – 11 February 2010

SCHOOL SEMINARS

Nonlinear Physics Centre Seminar

Monday 8 February 2010

2.00pm

“Metallic inclusions in Microstructured Polymer
Optical Fibres”

by Dr Maryanne Large

School of Physics, University of Sydney

Link Building Seminar Room, Oliphant Building

ALL WELCOME

Theoretical Physics Seminar

Thursday 11 February 2010

11.00am

“Abrikosov Vortices in Superconductors: Ideal
Lattice, Pinning, and Geometry Effects”

by Professor E.H. Brandt

Room L3.17 Le Couteur Building

ALL WELCOME
