

**VOLUME 37 NUMBER 24**

24 - 30 June 2011

## **STAFF MOVEMENTS**

Dr Patrick Kluth, from EME will be travelling to Singapore to attend a conference from 26 June until 2 July 2011

Professor Keith Fifield, from Nuclear Physics, will be overseas in the period 25 June - 2 July 2011. He will be visiting the China Institute of Atomic Energy in Beijing, China, he will also present a Seminar about AMS measurements and applications.

## **VISITORS**

Patrick Kessler, University of Bonn, will be visiting the Department of Nuclear Physics in the period 21 June – 17 August 2011 to undertake collaborative research with Professor Aidan Byrne and Dr Heiko Timmers, under the Australian-Germany Joint Research Co-operation Scheme, Magnetic semiconductors: transition metals in wide band gap semiconductors.

## **DEPARTMENTAL SEMINARS**

Nuclear Physics Seminar

**Monday 27 June, 11.15am**

Nuclear Physics Seminar Room

*Perturbed angular correlation: a tool to investigate ferromagnetic ordering in semiconductors*

Patrick Kessler, University of Bonn, Germany

Theoretical Physics Seminar

**Thursday 30 June, 11.00-12.00**

Le Couteur Seminar Room, LC.3.17

*Beyond Generalized Geometry*

Philippe Gruber

ETH Zurich and Theoretical Physics

Plasma Research Laboratory

**Tuesdays & Thursdays, 11.30am**

Room 325 Oliphant Building

*Teaching basic physics for space, processing and fusion plasmas (interactive plasma talks)*

Professor Rod Boswell

Space Plasma, Power and Propulsion Laboratory

**Fridays, 1.15 to 2 pm**

Room 325 Oliphant Building

*"Hands on" lectures on Music Harmony*

Professor Christine Charles

## **JUSTICE OF THE PEACE**

Please be advised that we now have an in house JP. For any services you might require please contact Adam Edwards by email, phone or just drop by his office, details here: <http://physics.anu.edu.au/people/profile.php?ID=953>

## **SECURITY CARDS**

The new smart chip security cards utilise an embedded aerial that is vulnerable to damage if a hole is punched incorrectly (for lanyard attachment). Rather than punching your card new rigid card holders with hole are available from the Store, for less than a \$1.00.

## **OHS BULLETIN**

**Wednesdays 29 June & 13 July**

Occupational Strains Prevention

**Wednesday 13 July, 1pm-4pm**

OHS Training for Supervisors

**Friday 22 July, 9am-1pm**

Compressed Gas and Cryogenic Safety

**Wednesday 27 July, 9am-1pm**

Ionizing Radiation Machines
