

## Director's Colloquium - 5 March

Dispatches from a Dark Universe - Dr Katie Mack

» [read more](#)

## Director's Office

The School welcomes two new Heads of Department this year. Professor Adrian Sheppard in Applied Mathematics and Professor Hoe Tan for Electronic Materials Engineering.

The School will farewell the Director's Executive Assistant Andrea Butler on Friday 6 March as she has taken a secondment to work with Research Management in the College. We welcome Ms Tania Maxwell who begins on Monday 16 March as the new Executive Assistant.

## School Manager

### Development Manager Relocation

Our Development Manager, Kavitha Robinson will temporarily relocate to Jakarta at the end February. She will continue to look after her responsibilities while in Jakarta on a part-time basis. She can still be contacted on [kavitha.robinson@anu.edu.au](mailto:kavitha.robinson@anu.edu.au) or on Skype if required. Rana Ganguly, Liz Micallef and the new incoming EA to the Director (tba) will work with Kavitha to sustain the School's Philanthropic Development and Alumni Relations. This arrangement is likely to be in place initially for 2 years. We wish Kavitha all success with her Jakarta chapter and hope to see her back in Canberra before long.

## OH&S

### OH&S Training

The following OH&S training courses will be running soon:

- \* Corrosives (OHSA07) - 17 March
- \* Occupational strains prevention (OHSG07) - 18 & 25 March

## Departmental Seminars

Dr Gail Iles - 2 March

High-resolution Inelastic Neutron Scattering
